Investing your HSA

CONVENIENT INVESTMENT OPTIONS

Maximize your earning potential

MAXIMIZE YOUR TAX-FREE¹ EARNING POTENTIAL

Just like a traditional savings account, your HSA earns interest. Additionally, just like the funds you contribute, HSA interest earnings are not taxed, making your HSA an effective component to your retirement strategy. Once your account exceeds the \$1,000 threshold, you can invest in mutual funds to maximize your HSA earning potential.²

Options to fit your needs

HealthEquity offers you two ways to put your HSA funds to work:

Cash account³

HealthEquity's standard, low-interest, cash account. This is the default option when opening an HSA.

Varying strategy mutual funds

A diverse lineup of investment options are selected and maintained by HealthEquity Advisors, LLC.²

The investment spectrum provides an option for every member, regardless of age or investment experience. HealthEquity meets you where you are most comfortable and provides access to web-based tools and resources from HealthEquity Advisors, LLC to make investing simpler. See the member portal for additional product details and disclosures.

Requirements to invest

There is no minimum balance to participate in our cash account. In order to invest in mutual funds, your HSA cash balance must meet a minimum threshold of \$1,000. Contact HealthEquity member services at 888.462.1896, or visit the Investments section of your HealthEquity member portal to learn more.

¹ HSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize HSA funds as tax-deductible with very few exceptions. Please consult a tax advisor regarding your state's specific rules.

² Investments are subject to risk, including the possible loss of the principal invested and are not FDIC or NCUA insured, or guaranteed by HealthEquity, Inc. HSA holders may select mutual funds for investment through the HealthEquity investment platform but HealthEquity, Inc. does not provide investment advice. HealthEquity Advisors, LLC, a wholly owned subsidiary of HealthEquity, Inc. and an SEC-registered investment adviser, provides web-based investment advice to HSA holders that subscribe for its services (minimum thresholds and additional fees apply). Registration does not imply endorsement by any state or agency and does not imply a level of skill, education, or training. Investing may not be suitable for everyone. You should carefully consider the investment objectives, risks, charges and expenses of any mutual fund before investing. A prospectus and, if available, a summary prospectus containing this and other important information can be obtained by visiting the fund sponsor's website. Please read the prospectus carefully before investing.

³ Health savings account (HSA) cash balances are held at FDIC-insured or NCUA-insured institutions and are eligible for federal deposit insurance, subject to applicable requirements and limitations.

with Advisor GPS

Powered by: HealthEquity ADVISORS, LLC

Advisor GPS is a web-based automated investment tool offered by HealthEquity Advisors, LLC and is accessible through the HealthEquity member portal. With Advisor GPS you receive professional online investment guidance and access to convenient online tools designed to help you maximize your potential earnings.

Two options for investing

There are two options for investing in mutual funds. All mutual funds available for investment are selected by HealthEquity Advisors, LLC and have been cleared by PwC's Independence Office.

Investment guidance from HealthEquity Advisors, LLC

Investment guidance is dependent upon your personal risk profile. You are able to edit your risk profile settings at any time, and Advisor GPS will adjust your guidance based upon your changes.

⁴Monthly investing administration fees and Advisor GPS monthly fees are covered by PwC. The accountholder would become responsible for the monthly fees should they no longer be employed by PwC.

⁵The monthly investment administration fee is charged by HealthEquity, Inc.

All investment related fees are calculated based on the average daily investment balance. Services fees are charged to your HSA cash account each month, and appear on your monthly statement. If your balance is not sufficient to pay the fees, billing will postpone until more money arrives. Multiple months of unpaid Advisor fees may result in suspended access until an HSA contribution is made. Advisor will not sell investments to settle any unpaid fees, though you can initiate the sale of funds in "Edit Profile" by changing the cash setting to the amount you want available in your HSA cash balance. All investment related fees are calculated based on the average daily investment balance.

INTEREST RATES

If you are not quite ready to invest your HSA dollars, you can still earn tax-free interest on your contributions.

Cash account⁶ rates

By default, your HSA funds are held in a federal deposit insurance eligible account, earning the following interest:

Balance Tier	Avg. daily cash balance	Interest rate*	Annual % yield
Tier 1	First \$2,000 (\$.01 - \$2,000.00)	0.01%	0.01%
Tier 2	Next \$5,500 (\$2,000.01 - \$7,500.00)	0.06%	0.01% - 0.05%
Tier 3	Next \$2,500 (\$7,500.01 - \$10,000.00)	0.16%	0.05% - 0.08%
Tier 4	Amounts over \$10,000.00	0.36%	0.08% - 0.33%

HSA cash balances are interest bearing and eligible for federal deposit insurance. Interest is calculated and compounded monthly. Interest is paid on the average daily collected balance according to the funds held within each tier and that tier's associated interest rate (Tiering Method B). Interest is credited to the HSA each month as of the last business day of the statement cycle. HSAs closed prior to the end of their statement cycle will not be paid any accrued interest. Interest rates and balance tiers are subject to change at any time.

NOTES

⁶Health savings account (HSA) cash balances are held at FDIC-insured or NCUA-insured institutions and are eligible for federal deposit insurance, subject to applicable requirements and limitations.

*Rates in effect as of October 1, 2021 for PwC.

Fees may reduce earnings. Interest rates and balance tiers may vary for select accounts and are subject to change at any time.
